

90% fail in MLM - SO JOIN US IN THE 10%!

Has your network marketing business **STALLED** because you don't know what to do next?

Are you uncomfortable making **COLD CALLS** and **FOLLOW UPS** based on a thirty year old, obsolete marketing plan?

90% fail in MLM - SO JOIN US IN THE 10%!

What I am sharing with you now is the opportunity to **HELP YOU GROW YOUR EXISTING NETWORKING BUSINESS** by offering you the tools and training needed to do the job - and how you can get them for extremely little money or **even for FREE!!**

There are three main reasons why so many people **fail** in their MLM businesses:

1. Lack of the correct tools to generate leads –

Gone are the days of Tuesday and Thursday Rah-Rah meetings and bugging all your friends and family by making a list of everyone you know and phoning your top 25 people.

Today's MLM is a whole different ball game from that of the 80s and 90s.

2. Lack of marketing knowledge –

MLM is an industry of promotion and marketing unfortunately pursued by people who have no idea how to market or promote.

3. Lack of training to do the above.

What was taught in the 80s and 90s MLM is still being taught today in 2011.

Did you know that in excess of 95% of people involved in MLM are **spending more on their businesses than they are earning from them?**

You may think that what you are marketing in your MLM is either the product or the opportunity – so which is it?

It's neither! – **It's YOU!** – MLM is a **PEOPLE** business in which you market yourself, you become a leader and then others will follow you.

You see **people still buy from people - not from 'remote', distant websites!**

OK if you really are ready to bring your business into the 21st century let's get back on track..

Here are some critical questions:

- Do you have a lead capture page?
- Do you have an auto-responder?
- A thank you page?
- A Video of You?
- Do you know **WHAT** to write in your auto-responder messages?
- What copy to put on your capture page?
- What to say in your video?
- What to write on your thank you page?
- Does your upline or company know how to teach you how to obtain and use these tools and skills – **probably not!**

Is it any wonder why so many people fail?

Have I put you off MLM yet?

I do hope not because there IS an answer for you..
